# Dingkang Teng

Tel: (+1) 614-314-6805 · Email: tengdingkang@gmail.com / dteng1@vols.utk.edu
Website: dingkangteng.github.io · GitHub: github.com/DingkangTeng

## RESEARCH INTERESTS

**Spatial Analysis · Mobility · Transportation & Infrastructure · Socio-Spatial Implications**

## EDUCATION

**University of Tennessee, Knoxville:** TN, USA
Department of Land Surveying and Geospatial Science 08/2026—Present
**MSc in Urban Informatics and Smart Cities *(with Distinction)***

**The Hong Kong Polytechnic University:** HONG KONG SAR
Department of Land Surveying and Geospatial Science 09/2024—07/2026
**MSc in Urban Informatics and Smart Cities *(with Distinction)***
**Master's dissertation:** Assessing the Resilience of Global Electric Vehicle Charging Stations under Flooding Condition

**Huazhong Agricultural University (HZAU):** WUHAN, CHINA
Department of Land Management 09/2015—06/2019
**B.A. in Land Resource Management**
**Bachelor's thesis:** Research on the Distribution and Reconstruction of Land Value-added Income of Collective Operational Construction Land

## SKILLS

- Geospatial & Cyberinfrastructure: Proficient in ArcGIS; experience with large-scale spatial data processing; familiar with cyberinfrastructure for spatial data science.
- Programming languages: Python, Java, HTML, PHP, SQL, JavaScript, C/C++
- Language: Mandarin (Native); English (Professional Working); Cantonese (Basic)

## PUBLICATION

**Published Papers**

- Ma, R., Guan, M., **Teng, D.**, Yang, X., & Zhuge, C. (2026). Dynamic Social Disparities in the U.S. Electric Vehicle Charging Infrastructure System. *Transportation Research Part D*. *155*, 105307, https://doi.org/10.1016/j.trd.2026.105307
- **Teng, D.,** Tang, J. H. C. G., Ma, R., Yang, X., & Zhuge, C. (2026). A global insight into integration of metro and electric vehicle charging stations. *Sustainable Cities and Society*, *139*, 107217. https://doi.org/10.1016/j.scs.2026.107217

**Under Review**

- **Teng, D.,** Tang, J.H.C.G., Ma, R., Yang, X., He, M., Wei, B., Li, Y., Peng, Z., & Zhuge, C. Advancing accessibility and equity of public electric vehicle charging stations in China. *Transport Policy.* Under review.
- Ma, R., **Teng, D.**, Yang, X., Tang, J.H.C.G., Liu, J., Chen, D., Zhao, J., Zhuge, C. From Points to Patterns: Global Spatial Accessibility and Equity in Public Electric Vehicle Charging. *Sustainable Cities and Society*, Under review.

## RESEARCH EXPERIENCE

**Technology Infrastructure Policy • Global EV Data Initiative** 01/2025—06/2026

*The Hong Kong Polytechnic University*

Focusing on Technology innovation, Infrastructure planning and Policy making in Smart Cities

- Conduct large-scale spatial analysis on global electric vehicle charging infrastructure.
- Process and analyze multi-source geospatial datasets (global-scale) using Python-based spatial data science workflows.
- Contribute to peer-reviewed publications on infrastructure equity and disaster vulnerability.

**Innovation Leadership and Entrepreneurship Internship** 06/2017—06/2019

*Huazhong Agricultural University*

Study on influencing factors of paid withdrawal of homestead

- Designed questionnaires, utilized AHP for in-depth data analysis, and drew accurate and weighted conclusions.
- Synthesized the collected data and findings. Drafted a detailed, evidence-based report.

## PROFESSIONAL QUALIFICATIONS

**Certificate of Registered Real Estate Appraiser** 2026

- Issuing Authority: Ministry of Housing and Urban-Rural Development, P.R. China & Ministry of Natural Resources, P.R. China

## WORKING EXPERIENCE

**Teaching Assistant, Intelligent Transportation Systems (LSGI3213)** 09/2025-12/2025

*The Hong Kong Polytechnic University*

- Facilitated weekly lab sessions, providing hands-on guidance for data analysis and simulation modeling software.

**Technical Manager** 10/2018-06/2024

*Realhom Land Real Estate Assets Appraisal Co., Ltd*

- Managed advanced engineering tasks with focus on natural resource survey and evaluation, IT support, and led geography information initiatives including data analysis, database construction, mapping, and GIS training.
- Conducted a comprehensive study on the evaluation method for state-owned agricultural land use rights.
- Spearheaded the secondary development of an automated calculation and processing tool in ArcGIS designed to enhance efficiency and accuracy within natural resource projects.

## PROJECT EXPERIENCE

**Land Classification & Standard Price in Collective Agricultural Land** 06/2023-06/2024

*Project Leader*

- Led spatial analysis, rank classification, price estimation and GIS related processes.

**Natural Resource Asset Inventory of Tieshan and Daye** 12/2020-06/2024

*Project Leader*

- Managed price calculation, database creation, result summarization, and mapping tasks.
- Provided guidance to teams working in other cities, including Huanggang and Haikou.

**China's Urban Land Price Dynamic Monitoring of Huangshi** 12/2020-12/2023

*Project Leader*

- Responsible for data analysis and authoring comprehensive reports.
- Received the 2021 Excellence Award from the provincial department.

## ACTIVITIES AND HONORS

**Association Chair,** school of land management student association 2016-2018

- Orchestrated the College Freshmen Party and the Campus Planning Competition.

**First prize,** *Yongyehang Cup* Undergraduate land use planning competition 2018

- Led the land use plan for Longma Village, managed team coordination, and authored the project report.

**Second prize,** *Chinese Land Cup* national undergraduate land use planning competition 2018

- Upgraded the land use plan as the team leader for Longma Village, conducted data analysis in ArcGIS and took charge of coordination within the team.

**Third prize,** National college students real estate appraisal competition 2018

- Prepared an appraisal report of an estate and carried out data analysis using FAHP.

**Outstanding Individual,** 2017 summer practice of HZAU 2017

- Led the other team members to undertake the sub-projects under the National Innovation and Entrepreneurship Training Program for College Students.

**Second prize,** *KQ Geo Technologies Cup* GIS competition 2017

- Conducted the data analysis in ArcGIS and classified the land rank in some parts of Tokyo.
